from A. C. SPECTORSKY

Dear Mr. Weisberg:

In the attached interview, scheduled to appear in PLAYBOY's October issue, New Orleans District Attorney Jim Garrison answers his critics and reveals hitherto unpublished details of his investigation into the assassination of President Kennedy. We feel that his remarks and revelations are of sufficient importance to merit your attention.

If you would care to comment in writing on your reaction to the interview, we would be happy to consider your letter for publication in a subsequent issue.

Cordially yours,

A. C. Spectorsky
